DETAILED ACTION

The Amendment filed November 25, 2003 has been received, entered into the record and carefully considered. The following information provided in the amendment affects the instant application:

1. Claim 50 has been amended to overcome objection and claim 17 has been amended to overcome 35 USC 112 second paragraph rejection.
2. Amendments to specification.
3. Remarks drawn to priority and co-pending application 10/240606.
4. Remarks drawn to rejections under 35U.S.C. 112-second paragraph and 35 U.S.C. 102.

Claims 1-62 are pending.

Claim Objection

The objection to claim 50 has been overcome by amendment.

Priority and Co-pending Application

Co-pending application 10/240606 is undergoing preexam processing and is not assigned to this examiner. Hence it has not been included in the search.

Art Unit: 1623

Claim Rejections - 35 USC § 102

Claims 35-37, 54 and 55 are rejected under 35 U.S.C. 102(e) as being anticipated by Zoppetti et al (US 6162797) is being maintained for reasons of record.

Applicant's arguments have been considered but are not found to be persuasive.

Applicant's argue that the compounds disclosed in the '797 patent show a very high anticoagulant activity while the compound of instant claim 35 obtained by the process as defined in claim 17 show global anticoagulant activity. The compounds of claims 35-37 are thus structurally different from those of the '797 patent and are therefore not anticipated.

Applicant's are arguing that the compounds are not anticipated based on the activity whereas instant claims 35-37 are not drawn to the activity but rather they are product by process claims. Instant claims are not drawn to the structure or the property of the compounds. Since product-by-process claims are not limited to the manipulations of the recited steps, only the structure implied by the steps, claims 35-37 are product claims and Zoppetti et al ('797) meets the limitations of the product as recited in the claims and the compositions of claims 54 and 55.

The rejection is being maintained.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 1623

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
